## THE CONGREGATIONAL AND CHRISTIAN CHURCHES

### PRINCIPLES OF CHRISTIAN FELLOWSHIP

The Congregational and Christian Churches of the United States by delegates assembled, reserving all the rights and cherished memories of their historic past and affirming loyalty to the basic principles of unity and democracy in church polity, hereby set forth the principles of Christian fellowship immemorably held by these churches.

We hold sacred the freedom of the individual soul and the right of private judgment. We stand for the autonomy of the local church and its independence of ecclesiastical control. We cherish the fellowship of churches, united in district, state and national bodies for counsel and cooperation. Affirming these convictions we hold to the unity of the Church of Christ, and will unite with all its branches in fellowship and hearty cooperation; and we earnestly seek that the prayer of our Lord for the unity of his followers may be speedily answered.

We find in the Bible the supreme rule of faith and life, but recognize wide room for differences in interpretation. We therefore base our union upon the acceptance of Christianity as primarily a way of life and not upon uniformity of theological opinion or any uniform practice of ordinances. (From the preamble of the Constitution of the General Council of the Congregational and Christian Churches.)

**Form** — Congregational and Christian Churches are bodies of self-governing Christian believers organized on a democratic basis in close association with a great body of similar churches throughout the world, covenanting together for religious worship, work, and fellowship, acknowledging Christ only as authoritative Head

**Origin** — Congregational Churches were first organized in England in the sixteenth century, in revolt against state control of religious worship, in the demand for personal Christian experience, and in an effort to reproduce New Testament simplicity and democracy.

The Christian Churches originated spontaneously in several parts of the United States in the latter part of the eighteenth century. In each instance the movement was a revolt against overhead control of local churches and ministers.

**Principles** — They believe in a free Kingdom of God under the sole authority and leadership of the Spirit of Christ, insuring freedom of the individual soul, liberty of conscience, the independence of the local church, and the free fellowship of the churches.

**Ideals** — Democratic life and organization, simplicity and vitality of faith, intellectual freedom, educational efficiency, evangelistic purpose, missionary zeal, social passion, unsectarian fellowship, unselfish devotion to the extension of the Kingdom.

**Practice** — Congregational and Christian Churches emphasize beliefs in which all evangelical Christians agree, exalt nothing trivial or sectarian, repudiate dogmatism and all legislative control, ecclesiastical or civic, of the spiritual life, and seek union of all churches, on the basis of mutual freedom and fellowship. Their rule of action is "In essentials unity, in non-essentials liberty, in all things charity."

**Achievements** — The old world and the new are indebted largely to Congregationalism for the establishment and progress of the principle of religious toleration. Congregationalism sailed to America in the Mayflower as the church of the Pilgrim Fathers. Settling first at Plymouth, then later fusing with the Puritan colonists that followed them, these founders of Congregationalism spread over New England, and through their democratic ideals laid the foundations for the free church, the free state, the free school, and the free social life of our country. The Congregational Churches have been the pioneer Protestant churches of our nation in the promotion of education, missions, evangelism, and in most movements for Christian union, religious progress, and moral reform.

While the Christian Church originated later, and therefore did not have the original impact upon the nation's life, and while its numbers and resources have not been so large, its ideals and principles have been identical with those of the Congregational Churches.

**The Local Church** — The local church is the center and soul of the whole organization. It is self-administering and is the final arbiter of all questions relating to its own life.

Fellowship with churches of like organization differentiates these churches from the so-called independent church. This fellowship is held in associations, state or district conferences and the General Council described below.

**The Association** — A church is recognized denominationally by securing membership in some association of churches, usually consisting of from ten to fifty such churches, located in geographical proximity to one another. These associations are for the purpose of mutual stimulation, the holding of ministerial credentials for ordained ministers and the performance of common Christian service.

**The State Conference** — The state or district conference is made up of the churches within its bounds holding membership in the several associations. Mutual helpfulness to all the churches, and as ordinarily organized, the carrying forward of church extension and missionary work within its own borders, are the functions of the conference. Usually the conference maintains a paid superintendent and a central office.

**The General Council** — What the State Conference is to the state the General Council is to the nation, with appropriate variations. It also becomes the unifying agency for coordinating the organization and work of the missionary societies. (See following pages.)

## GENERAL COUNCIL ORGANIZATION

The General Council of the Congregational and Christian Churches was organized on June 27, 1931, at Seattle, Washington, for the purpose of carrying on the functions hitherto performed by the National Council of the Congregational Churches and the General Convention of the Christian Church. The older organizations continue their formal existence for the time being for possible legal requirements. Details of organization will be found on the following pages.

### PURPOSE

The purpose of the General Council is to foster and express the substantial unity of the Congregational and Christian Churches in faith, purpose, polity and work; to consult upon and devise measures and maintain agencies for the promotion of the common interests of the Kingdom of God; to cooperate with any corporation or body under control of or affiliated with the Congregational or Christian Churches or any of them; and to do and promote the work of these churches in their national, international and interdenominational relations, and in general so far as legally possible to perform on behalf of the united churches the various functions hitherto performed by the National Council for the Congregational Churches and by the General Convention for the Christian Church, it being understood that where technical legal questions may be involved the action of the separate bodies shall be secured. (Article II of the Constitution.)

### FUNCTIONS

As the name indicates, the General Council is a voluntary organization of Congregational and Christian Churches for the purpose of conference regarding their common interests. The central function of the Council is to provide a gathering for useful discussion of questions of concern to the churches, and so to furnish inspiration for increased devotion and effectiveness.

Associated with the function of discussion and inspiration is that of the election of officers and agencies for carrying on the common work of the churches. Specifically, the Council provides for gathering and publishing annually the statistics for the churches as given in this Year Book. For the purpose of stimulating fellowship and of coordinating the various agencies, offices are maintained with a small staff of secretaries.

### MEMBERS

Each State Conference or similar organization of churches is entitled to elect two members (one being a woman) for each ten thousand members or major fraction thereof. Each local association or similar organization may elect one delegate for each ten churches or major fraction thereof. Each college and theological seminary recognized by the Council is entitled to one delegate. The Moderator, the Secretaries, the Treasurer and editors of national church periodicals are members *ex-officio*.

### EXECUTIVE COMMITTEE

Between the sessions of the Council an Executive Committee chosen by the Council attends to details of business, arranging for the meetings and submitting programs for the same and seeks to correlate the administration of the several missionary societies and boards affiliated with the Council in the interest of economy and efficiency. This committee is also the agency for correlating the activities of the several Commissions.

### COMMISSIONS

The Commission on Evangelism and Devotional Life maintains an office for service to the churches in the vital field indicated by its name. There are several other Commissions, none of them being charged with executive functions to any extent but rather with study and report, each in its own field, with such cooperation with the executive agencies of the denomination as seems feasible.

### MISSIONARY SOCIETIES

The American Board of Commissioners for Foreign Missions and the Board of Home Missions of the Congregational and Christian Churches have as their controlling membership the membership of the General Council itself. Meeting in separate sessions under the direction of their own officers, the membership of each of these societies is in large majority identical with that of the General Council, so that in matters of common concern action taken by the General Council may usually be taken by each of the societies without further discussion, thus giving unity of operation in matters of common concern and making the missionary societies the instruments of the churches themselves.

### MEETINGS

Meetings of the General Council are held biennially in the even numbered years. The next meeting will be held at Berkeley, California, August 13-20, 1940.

## A STATEMENT OF SOCIAL IDEALS

Adopted by the National Council of the Congregational Churches of the United States, October 24, 1925.

We believe in making the social and spiritual ideals of Jesus our test for community as well as for individual life; in strengthening and deepening the inner personal relationship of the individual with God, and recognizing his obligation and duty to society. This is crystallized in the two commandments of Jesus: "*Love thy God and love thy neighbor.*" We believe this pattern ideal for a Christian social order involves the recognition of the sacredness of life, the supreme worth of each single personality and our common membership in one another — the brotherhood of all. In short, it means creative activity in cooperation with our fellow human beings, and with God, in the everyday life of society and in the development of a new and better world social order. Translating this ideal:

### I. INTO EDUCATION MEANS:

1. The building of a social order in which every child has the best opportunity for development.
2. Adequate and equal educational opportunity for all, with the possibility of extended training for those competent.
3. A thorough and scientific program of religious and secular education designed to Christianize everyday life and conduct.
4. Conservation of health, including careful instruction in sex hygiene and home building, abundant and wholesome recreation facilities, and education for leisure, including a nation-wide system of adult education.
5. Insistence on constitutional rights and duties, including freedom of speech, of the press, and of peaceable assemblage.
6. Constructive education and Christian care of dependents, defectives, and delinquents, in order to restore them to normal life whenever possible, with kindly segregation for those who are hopelessly feeble-minded. (This means that such institutions as the jails, prisons, and orphan asylums should be so conducted as to be genuine centers for education and health.)
7. A scientifically planned program of international education promoting peace and goodwill and exposing the evils of war, intoxicants, illiteracy, and other social sins.

### II. INTO INDUSTRIAL AND ECONOMIC RELATIONSHIP MEANS:

1. A reciprocity of service — that group interests, whether of labor or capital, must always be integrated with the welfare of society as a whole, and that society in its turn must insure justice to each group.
2. A frank abandonment of all efforts to secure something for nothing, and recognition that all ownership is a social trust involving Christian administration for the good of all and that the unlimited exercise of the right of private ownership is undesirable.
3. Abolishing child labor and establishing standards for the employment of minors which will insure maximum physical, intellectual and moral development.
4. Freedom from employment one day in seven, the eight-hour day as the present maximum for all industrial workers.
5. Providing safe and sanitary industrial conditions especially protecting women; adequate accident, sickness, and unemployment insurance, together with suitable provision for old age.
6. An effective national system of public employment bureaus to make possible the proper distribution of the labor forces of America.
7. That the first charge upon industry should be a minimum comfort wage and that all labor should give an honest day's work for an honest day's pay.
8. Adequate provision for impartial investigation and publicity, conciliation and arbitration in industrial disputes.
9. The right of labor to organize with representatives of its own choosing and, where able, to share in the management of industrial relations.
10. Encouragement of the organization of consumers' cooperatives for the more equitable distribution of the essentials of life.

11. The supremacy of the service rather than the profit motive in the acquisition and use of property on the part of both labor and capital, and the most equitable division of the product of industry that can be devised.

### III. INTO AGRICULTURE MEANS:

1. That the farmer shall have access to the land he works, on such terms as will insure him personal freedom and economic encouragement, while society is amply protected by efficient production and conservation of fertility.

2. That the cost of market distribution from farmer to consumer shall be cut to the lowest possible terms, both farmers and consumers sharing in these economies.

3. That there shall be every encouragement to the organization of farmers for economic ends, particularly for cooperative sales and purchases.

4. That an efficient system of both vocational and general education of youths and adults living on farms shall be available.

5. That special efforts shall be made to insure the farmer adequate social institutions, including the church, the school, the library, means of recreation, good local government, and particularly the best possible farm home.

6. That there shall be a widespread development of organized rural communities, thoroughly democratic, completely cooperative, and possessed with the spirit of the common welfare.

7. That there shall be the fullest measure of friendly reciprocal cooperation between the rural and city workers.

### IV. INTO RACIAL RELATIONS MEANS:

1. The practice of the American principle of the same protection and rights for all races who share our common life.

2. The elimination of racial discrimination, and substitution of full brotherly treatment for all races in America.

3. The fullest cooperation between the churches of various races even though of different denominations.

4. Educational and social equipment for the special needs of immigrants, with government information bureaus.

### V. INTO INTERNATIONAL RELATIONS MEANS:

1. The removal of every unjust barrier of trade, color, creed, and race, and the practice of equal justice for all nations.

2. The administration of the property and privileges within each country so that they will be of the greatest benefit not only to that nation but to all the world.

3. Discouragement of all propaganda tending to mislead peoples in their international relations or to create prejudice.

4. The replacement of selfish imperialism by such disinterested treatment of backward nations as to contribute the maximum to the welfare of each nation and of all the world.

5. The abolition of military armaments by all nations except for an internal police force.

6. That the church of Christ as an institution should not be used as an instrument or an agency in the support of war.

7. A permanent association of the nations for world peace and good-will, the outlawry of war, and the settling of all differences between nations by conference, arbitration, or by an international court.

We believe it is the duty of every church to investigate local, moral and economic conditions as well as to know world needs. We believe that it is only as our churches themselves follow the example and spirit of Jesus in the fullest sense — translating these social ideals into the daily life of the church and the community — that we can ever hope to build the Kingdom of God on earth.

These affirmations we make as Christians and loyal citizens of our beloved country. We present them as an expression of our faith and patriotism. We urge upon all our citizens the support of our cherished institutions, faithfulness at the ballot, respect for law, and loyal support of its administrators. We believe that our country can and will make a great contribution to the realization of Christian ideals throughout the world.

## THE COMMISSION ON EVANGELISM AND DEVOTIONAL LIFE

287 Fourth Avenue, New York, N. Y.

This Commission was established by the National Council at Des Moines in 1904 to assist the churches in providing plans and programs for recruiting new members for the church and furnishing the churches material for their use in enriching the devotional life of the people.

It is composed of seven active and twenty corresponding members elected by the General Council and is charged by the General Council to do two things.

*FIRST:* To bring before the churches the denominational program of evangelism and devotional life.

*SECOND:* To make a continuous study of methods used by effective churches; to make them known to all pastors; and to provide such other helps to evangelism and devotion as are within its powers.

Stephen A. Lloyd.

### Organization

1. *Membership.* The Missions Council consists of the thirty-six elected members together with the President and the Vice Presidents of The Board of Home Missions, the thirty-six elected members with the President and Vice Presidents of the American Board, and the Secretary of the General Council, ex-officio.

2. *Joint Cabinet.* The work of the Missions Council is administered by the Joint Cabinet thus providing the Executive Secretary with a connecting link to the administrative heads of the National Societies and of the State Conferences.

Article IX of the Rules of the Missions Council provides that the Executive Secretary, the Executive Vice Presidents of The Board of Home Missions and of the American Board, the Associate Executive Secretary who shall be a woman, and one State Superintendent elected by the State Superintendents' Conference as hereinafter provided, shall constitute the Joint Cabinet of the Missions Council. This Cabinet meets regularly. It is responsible for formulating promotional plans and policies and is the connecting link between the executive boards and the promotional staff.

3. *Committee Ad Interim.* The Committee Ad Interim is composed of nineteen persons chosen as follows: Four members of The Board of Directors of the Board of Home Missions designated by The Board of Home Missions, four members of the Prudential Committee of the American Board designated by the Prudential Committee, together with the following members ex officio, the Chairman of the Missions Council, the President of The Board of Home Missions, the President of the American Board, the members of the Joint Cabinet of the Missions Council, two State Superintendents elected by the State Superintendents' Conference, and a woman elected by the Women State Presidents.

4. *Joint Staff.* The Joint Staff operates under the chairmanship and direction of the Executive Secretary and includes the secretaries of missionary education and promotion of both the home and foreign boards, with two representatives from the Conference of State Superintendents and the Chairman of the Women State Presidents.

### Processes

1. *Meetings.* The Missions Council meets ordinarily but once a year. This meeting takes place in connection with the midwinter gathering of the Board of Directors of The Board of Home Missions and of the Prudential Committee of the American Board, thus economizing in time and travel expenses. The Executive Committee of the General Council meets with the Missions Council as corresponding and advisory members. At the annual midwinter meeting the members of the Council for Social Action, the State Conference Superintendents, the Women State Presidents and secretaries of the societies sit with the Missions Council in joint session as corresponding members.

2. *Literature.* One of the important functions of the Missions Council is the publication of literature setting forth our entire missionary enterprise.

3. *Field Work.* Under the direction of the Executive Secretary a small force of field workers directly employed by the Missions Council work in close cooperation with the secretarial staff of the societies in a unified program of education and promotion. This work is conducted through the state organizations and endeavors to develop through actual contact with the churches those processes which seem to be most effective for disseminating missionary information and stimulating benevolent contributions. This process is so intimately related to the financial operations of the local churches that this latter interest is combined with the former, thus helping the churches to financial strength.

### Information

The support of our Mission Boards depends upon current gifts, legacies and the income from invested funds. Through the Missions Council, donors, lawyers and trust officers are supplied with confidential and impartial information concerning the financial standing, fields of work, needs and opportunities of any or all Congregational and Christian Corporations, including the General Council and its Commissions, the Home and Foreign Missionary Boards, State Conferences, city extension societies and the local churches.

The local church may ordinarily secure information directly from its own state office. Persons not knowing to whom to write locally are invited to communicate direct with the Missions Council.

STANLEY CONOVER, Corresponding Member from National Pilgrim Fellowship.

The A. B. C. F. M. is the mother of mission boards in North America. Founded in 1810 to make possible the realization of the vision of the men of the Haystack, it immediately invited the Presbyterian General Assembly to form a similar society with which it could cooperate, but the Assembly replied that one organization of the sort was enough and "urged its churches to adopt the American Board as their foreign missionary agency." The Baptist Missionary Union was formed when some of the first American Board Missionaries became Baptists. By 1826, the Presbyterians and the Reformed Church in America had developed the United Foreign Missionary Society, which in that year was merged with the American Board. The process of segmentation began in 1837 when the "Old School" Presbyterians left the American Board, followed in 1839 by the Central and Southern auxiliary boards. In 1846, "because of differences of opinion as to the Board's attitude toward slavery, some members withdrew to aid in organizing the American Missionary Association." In 1857, the Reformed Church in America withdrew to form its own Board and in 1870, the "New School" Presbyterians rejoined their "Old School" associates and transferred their support to the foreign mission board which they had formed.

The American Board maintains missions in East, West and South Africa, China, Japan, India, Ceylon, the Philippines, Micronesia, Mexico, Bulgaria, Turkey, Greece and Syria. The work in Micronesia is now a part of that in Japan.

In nearly all fields, in spite of reduced appropriations and depleted staff, the work has moved forward, and the people have been ready to take over new responsibilities. In South Africa exploitation, the race issue, and the social effects of industrialization have created many problems. In East Asia war clouds continue to hover, and life is regimented. Christian living is difficult. In North China the field is largely occupied by the war forces, but in all parts of China much work is maintained. New opportunities for Christian Service call loudly for new recruits. In Japan, the church is marking time, but Christian life is deep-rooted, and when conditions are more favorable will spring up with new life. Nationalism is hindering progress in some countries. The spirit of evangelism is especially strong in the Philippines and in West Africa. And in India the five-year plan is producing results, in church membership and in native leadership. The loss in the number of missionaries still continues, but the native workers have more than held their own. More trained leaders are needed to take over the work started and developed under missionary leadership.

The year closed August 31, 1939 with an operating surplus of \$11,287.48 due to the inclusion in the receipts of the year of a non-recurring item of \$40,778.13. The accumulated debt was reduced by a total of \$76,197.95 and at the end of the year stood at \$57,528.66. The total income for the year including gifts designated for objects outside the regular budget was \$1,105,274.63.

### Statistical Summary

The American Board is responsible for a foreign parish of 43,661,817 people. There are 13 missions under 8 different flags. The missionaries under life appointment are 395 and include 89 ordained men, 42 unordained men, 127 wives and 137 single women. There are 34 associates who are serving for shorter periods, making a grand total of 429 missionaries. The native force of workers is 6,354. The places of service number 2,779. There are 815 organized churches with 115,955 communicants. In 1938, 6,561 members were added to the church rolls. The total Christian community numbers 260,845. There are 1,301 Sunday Schools and 69,352 pupils. The educational work has 44 theological and training schools with 2,948 pupils and 10 colleges with 4,364 students. Below these are 50 secondary and middle schools with 13,578 pupils, 845 primary and elementary schools with 68,299 pupils. The schools of all grades are 949 and the total under instruction is 95,561. The medical statistics for 1937-38 show that the Board has 24 hospitals and 40 dispensaries, with which are connected 28 physicians and 21 foreign nurses. The records show that there were 37,279 hospital patients and 181,456 dispensary patients. The total treatments were 754,361, or over 2,000 treatments per day. The native contributions for church work were \$192,551, and receipts for all purposes amounted to \$703,272.

The support of the work of The Board of Home Missions depends upon current gifts and the income from invested funds. Bequests and conditional gifts are earnestly solicited.

FORM OF BEQUEST — I give and bequeath to The Board of Home Missions of the Congregational and Christian Churches, 287 Fourth Ave., New York, N. Y., ..... Dollars for its corporate purpose.

The Board of Home Missions of the Congregational and Christian Churches has been appointed as agent by each of the following corporations. The field work of these corporations is now administered by this one Board, but the original corporations are still in existence and hold title to their own assets. Any bequests, therefore, may run directly to these corporations.

### The American Missionary Association

The Association represents the brotherly helping hand of the Congregational Christians stretched out to the disadvantaged groups of America — particularly the Negro, Indian, Puerto Rican and Southern Highlander. It remains, as it began, a Crusade of Brotherhood standing in a day of race friction and class discrimination for the undiluted application to human relations of Jesus' way of life.

Upon foundations put down in earlier days by the Association there stand today Hampton, Atlanta and Fisk Universities, Berea College, Talladega, Tougaloo, Tillotson and LeMoyne Colleges still depend on the Association for a large share of their support. A substantial appropriation is made to Dillard University in New Orleans, and a modest grant to Fisk University.

FORM OF BEQUEST — I give and bequeath the sum of . . . . . Dollars to The American Missionary Association, or its successor, incorporated by the act of the legislature of the State of New York in 1862 to be applied for the uses and purposes of said Association.

### The Church Extension Boards

(Including The Congregational Home Missionary Society, The Congregational Church Building Society, and The Congregational Sunday School Extension Society.)

#### The Congregational Home Missionary Society

Establishes and aids churches and assists in the support of the Christian ministry at strategic points on the frontier, in the cities, rural districts and among new Americans. It has direct charge of the work in 22 aided states embracing the newer and less populous sections of the country covering two-thirds of the area of the United States and one-third of its population.

FORM OF BEQUEST — I give and bequeath to The Congregational Home Missionary Society or its successor, a corporation organized and existing under the laws of the State of New York, incorporated 1871, the sum of . . . . . Dollars to be applied to the uses and purposes of said Society.

#### The Congregational Church Building Society

Aids churches in every part of the United States by loan and grant to secure houses of worship and parsonages and to conserve church properties through assistance in refinancing; also gives helpful advice regarding business details and endeavors to assist in attaining and maintaining worthy architectural standards. Since its organization its revolving funds have aided churches to the extent of over eleven millions of dollars, and parsonage loans have amounted to nearly a million and a half dollars additional.

FORM OF BEQUEST — I give and bequeath to The Congregational Church Building Society or its successor, a corporation organized and existing under the laws of the State of New York, incorporated 1853, the sum of . . . . . Dollars to be applied to the uses and purposes of said Society.

#### The Congregational Sunday School Extension Society

All commissioned workers of The Congregational Home Missionary Society are responsible also for the work of the Sunday School Extension Society, the latter contributing a percentage of their support. This work consists chiefly in founding and maintaining Sunday Schools and in sending out college young people for summer extension service. In cooperation with the Education Society a Children's Day program is provided each year.

FORM OF BEQUEST — I give and bequeath to The Congregational Sunday School Extension Society, a corporation organized and existing under the laws of the State of New York, the sum of . . . . . Dollars to be applied to the uses and purposes of said Society.

#### The Congregational Board of Ministerial Relief

Organized to secure, hold, manage and distribute funds for needy retired Congregational and Christian ministers, widows of ministers and orphaned children of ministers, too young for self-support. Grants are made on the ground of service rendered and to meet the exigencies of age and disability.

FORM OF BEQUEST — I give and bequeath to The Congregational Board of Ministerial Relief, incorporated in 1907 under the laws of the State of Connecticut . . . . . Dollars, for its uses and purposes.

#### Congregational Education Society

This Society gives leadership in Christian education in the home, church and Sunday School. Its departments include Children's Work, Young People's Work and Student Life, World Fellowship, Adult Education, and Leadership Education. It gathers data regarding materials and methods of work and makes these available to the churches through literature, correspondence and interviews. It gives regular service to over 12,000 leaders in various lines of religious educational activity.

FORM OF BEQUEST — I give and bequeath to the Congregational Education Society or its successor, incorporated under the laws of the Commonwealth of Massachusetts, in 1816, the sum of . . . . . Dollars, to be devoted to its purposes and work.

#### Women's Home Missionary Federation

*Incorporated in Kansas, October 15, 1913*

The work of the Federation, through the merger of the national societies, has been delegated to the various denominational Home Boards and Commissions. The Federation continues to maintain its existence according to its charter, to care for its funds, and to receive gifts and legacies. President, Mrs. Mary D. White, 52 Irving Pl., New York, N. Y.; secretary, Mrs. Harry P. Smith, 364 Fisher Avenue, White Plains, N. Y.; treasurer, Mrs. H. H. Hart, Room 801, 287 Fourth Avenue, New York, N. Y.

*Treasurer* — WILLIAM T. BOULT

### TRUSTEES

ALFRED C. HOWELL, *President*; GEORGE N. WHITTLESEY, *Vice-President*; THOMAS P. ALDER, ROBBINS W. BARSTOW, D. D.; JOHN T. BEACH, HAROLD B. CRANSHAW, J. WATSON MACDOWELL, CHARLES S. MILLS, D. D.; WILLIAM W. PATTON, D. D.; LESLIE R. ROUNDS, WILLARD L. THORP, CHARLES C. WEST.

The Annuity Fund for Congregational Ministers provides age annuities for Congregational-Christian ministers and incidental protection against the minister's permanent total disability occurring during the years of active service, and for his family in case of his untimely death.

Its resources are derived from payments by the minister himself, contributions of churches and individuals, legacies and conditional gifts and the distributable income of the Pilgrim Memorial Fund.

The amount of annuity at annuity age depends on the accumulations to a member's credit.

Assets, December 31, 1939, \$7,854,869; membership including annuitants, 3,559, a net increase during the year of 107; annuity payments, \$459,901, an increase of \$18,865. Contributions in the form of gifts and legacies are urgently needed to help in paying the churches' share of the annuities of the older members. The Annuity Fund for Congregational Ministers has an exceptional place among the private annuity funds for its soundness and its liberal benefits to members.

### PILGRIM MEMORIAL FUND

Established by vote of the National Council, October 13, 1917

287 Fourth Avenue, New York, N. Y.

The principal of this fund is held in perpetuity by The Corporation for the General Council to be invested and reinvested, and the distributable income turned over to the Board of Trustees of The Annuity Fund for Congregational Ministers to aid in providing Age Annuities and Disability Annuities for Congregational-Christian ministers who become members of the Annuity Fund and Death Benefits for their widows and minor orphan children.

The Pilgrim Memorial Fund, December 31, 1939, stood at \$5,052,354, in addition to which the accumulated profits from the sale of securities, held in a Profit Reserve Account, amounted to \$554,698.

The ultimate objective of the Pilgrim Memorial Fund is \$8,000,000. Legacies and memorial gifts will be added to the principal, as a permanent endowment.

## RETIREMENT FUND FOR LAY WORKERS

287 Fourth Avenue, New York, N. Y.

The officers and trustees of the Retirement Fund for Lay Workers are the same as the officers and trustees of the Annuity Fund for Congregational Ministers.

It is operated on a contributory basis, the resources being provided by annual dues payable by both employer and employe. The membership on December 31, 1939, was 707; assets, \$414,214.

The Council for Social Action was created by the General Council at Oberlin in June, 1934. The motivating spirit behind that action is clearly indicated in the words of the vote:

"Stirred by the deep need of humanity for justice, security, and spiritual freedom and growth, aware of the urgent demand within our churches for action to match our gospel, and clearly persuaded that the Gospel of Jesus can be the solvent of social as of all other problems, we hereby vote:

"That the General Council create the Council for Social Action of the Congregational and Christian Churches of the United States of America.

"That the purposes of this Council for Social Action shall be to help the churches to make the Christian gospel more effective in society, national and world-wide, through research, education, and action, in cooperation with the Home and Foreign Boards, Conferences and Associations, and local churches. It is proposed that the Council shall increasingly cooperate with the Federal Council of Churches in the creation of a program which shall be genuinely interdenominational. In its *research*, the Council will aim to be impartial, its only bias being that of the Christian view of life; its *educational* efforts will be directed primarily toward the local churches but will also envisage the cultivation of public opinion; in *action*, the Council may, on occasion, intercede directly in specific situations. . . .

"That in launching this Council for Social Action we envisage a new kind of churchmanship which, enlisting the volunteer services of a group of eighteen outstanding men and women of social vision, wisdom, and Christian purpose, and commanding the services of five or six strong leaders in the fields of international relations, race relations, and economic statesmanship, will carry the campaign of education and action based on careful research out among our entire constituency at home and abroad. Believing that the church will find itself as it loses itself in the struggle to achieve a warless, just, and brotherly world, we launch this venture, dedicating ourselves to unremitting work for a day in which all men find peace, security and abundant life."

The Council for Social Action invites each church to organize a local committee or council for Social Action and welcomes the opportunity to cooperate with such local groups in planning for the larger effectiveness of the social program of the church.

The Council for Social Action invites correspondence from ministers and laymen.

## OBJECTS

To maintain, in the city of Boston, a CONGREGATIONAL HOUSE; to care for and perpetuate a library of books, pamphlets, and manuscripts, and a collection of portraits and relics of the past; to promote friendly intercourse and co-operation among Congregational ministers and churches, and with other denominations; and to do whatever else — within the limits of its charter — shall serve to illustrate Congregational history and promote the general interests of Congregational churches.

## MEMBERSHIP

The membership of the Association consists of Congregationalists who have been elected by the Directors at any regular meeting. There are two classes of members — Life and Annual. Annual members pay an annual assessment of \$1.00. The payment of \$10 at one time by a member constitutes him a life member. All moneys received for membership are applied exclusively to the increase of the library.

## THE CONGREGATIONAL HOUSE

Was erected in 1898 (costing over \$700,000) to house the Congregational Library, provide rooms at low cost for 14 Congregational Missionary Organizations, the Congregational Book Store, Pilgrim Hall for gatherings, and Committee Rooms, and to promote the general interests of Congregational churches.

Andover Seminary has become affiliated with The Newton Theological Institution to form the new Andover Newton Theological School which is located at Newton Centre, in the vicinity of Boston. The combination of the two schools and the location, in greater Boston, make new and unusual advantages possible for theological students interested in taking their professional study in New England. The combined resources provide for an enrichment of the curriculum and an enlargement of the faculty. The library facilities are unexcelled.

The Andover Newton Theological School in affiliation with Harvard gives the students the privilege of taking any work in Harvard open to theological students and without additional expense. In greater Boston and New England are many of the oldest and most famous of the educational institutions of the country. As Andover Newton is in the midst of them, the students can enjoy the cultural and traditional advantages which bring college and professional students to Boston, not only from all over the country but from all over the world.

The co-operation of the churches in the vicinity offers many opportunities where, on the basis of co-operative scholarships, students can make their way and at the same time gain valuable and practical experience. The School offers scholarship grants, as far as it is able, to students dependent upon self-support and seeks to aid in securing for them church positions in which service can be given in return. Special fellowships are awarded to exceptional students.

The School grants three degrees: B. D., S. T. M., and M. R. E. The B. D. is granted after three years' study to students who have had a college course. The M. R. E. is granted to women students with similar preparation after two years study. The S. T. M. is granted after at least a year of graduate study and the presentation of satisfactory thesis.

For catalog and further information address the President or the Dean.

## THE CHICAGO THEOLOGICAL SEMINARY

5757 University Avenue, Chicago

A graduate training school for the ministry and religious vocations, including religious education and church social work. Degrees of M.A. and B.D.

ALBERT W. PALMER, *President*

ROSS SNYDER, *Director of Studies*

ROBERT CASHMAN, *Business Manager*

The Chicago Theological Seminary, established in 1855 to furnish training for Christian leadership according to the highest academic standards, has been a pioneer in the introduction into the theological curriculum of several unique features designed to meet the changing spiritual needs of succeeding generations. For example, Dr. Graham Taylor was called to the chair of Christian Economics when such a professorship was practically unknown. Recent developments have been in the fields of research in personality problems; in studies of the city and rural churches; in culture through art and drama, literature and music; and in the supervision of the practical work of students with a view to their development as leaders of the institutions of religion in the modern world.

In 1915 the institution removed to the neighborhood of the University of Chicago, with which it is affiliated through the Divinity School of the University. Thus Seminary students enjoy the advantages of a University which is internationally known for its high standards and academic productiveness. In June, 1928, the new buildings of the Seminary were completed and dedicated.

The Seminary is open to both men and women on equal terms. A catalog will be gladly sent on request.

The three distinct Schools of the *Hartford Seminary Foundation* offer training for all forms of Christian service. The thirty-acre campus with distinguished buildings gives equipment for nearly 250 courses offered by over fifty professors, instructors and lecturers. The Case Memorial Library of 215,000 volumes and pamphlets is one of the greatest theological libraries in the country. All classes are open to both men and women.

The *Hartford Theological Seminary* prepares college graduates for the ministry of the gospel. It uses the resources of modern scholarship in the service of the Christian faith in training for ministerial work. The degree of B. D. is granted for the completion with credit of the regular course. Degrees of S. T. M. and PH. D. are granted for advanced work.

The *School of Religious Education* trains men and women for positions of leadership in the field of religious education, and provides a thorough practical training for lay workers in other forms of church service. A two-years' course for those who have had two years of college work or are graduates of normal school leads to the degree of B. R. E. or B. S. For college graduates a more advanced course is offered, leading to M. R. E., M. A., or PH. D.

The *Kennedy School of Missions* furnishes Special Missionary Preparation for missionaries, candidates and appointees of all Mission Boards. It has served most of the large Mission Boards of the United States and Canada. Its alumni are in all the great mission fields. Degrees of M. A. and PH. D. are granted for advanced work.

The Graduate School of Theology provides the opportunity for college graduates to get adequate training for Christian service in the ministry of the church, secretaryship of the Young Women's Christian Association or Young Men's Christian Association at home or abroad, for leadership in religious education at home or abroad and for Christian social service in city or country communities. Throughout its history, though independent by charter, Oberlin has sustained the most friendly relationship with Congregational churches and work.

*Equipment* — In September of 1931 the School of Theology moved into new quarters. It now occupies a group of buildings designed by Mr. Cass Gilbert and made possible by the generous gift of two friends of the School, the late Mrs. D. Willis James and Mr. John D. Rockefeller, Jr. The theological group, built in North Italian style, is composed of two buildings connected by cloisters to form a quadrangle. One of these buildings is used for classroom, chapel and administration purposes, and the other for dormitories for single and married students, a refectory, a library, a recreation room and a gymnasium. These new buildings compose a quadrangle of unusual beauty and utility. Students in the School of Theology use the main library of Oberlin College which contains 395,879 bound volumes and as many pamphlets. The library files include the leading secular and religious newspapers and the leading monthlies and quarterlies. The Oberlin library is the largest college library in the United States. The library and seminar rooms in the theological quadrangle house about twenty thousand of the most active books in the theological section and the periodicals required by the theological students. The gymnasium and recreation rooms in the quadrangle are well equipped for physical training and indoor games. The athletic fields and tennis courts of Oberlin College provide amply for outdoor exercise.

*Terms of Admission* — College graduation and church membership are required. Men and women of any denomination or race are admitted. This year fifteen denominations are represented in the student body.

*Degrees in Course* — The degree of *Bachelor of Divinity* is granted at the completion of a three years' course covering ninety semester hours of work chosen from a broad range of courses set up in a curriculum which recently has been restudied and revised. The degrees of *Master of Arts* and *Master of Theology* are also offered.

*Special Assets* — Students in the Graduate School of Theology have the advantage of being a part of the student body of one of the most cosmopolitan colleges in America. They share in the university privileges and the scholarly standards and fine Christian ideals of Oberlin. Oberlin is a center of unique and broad missionary interests, and has contributed largely to the missionary forces of the Congregational Church. The Oberlin Conservatory of Music is one of the leading conservatories of the world, and makes available unusual musical advantages. Oberlin is equipped with a splendid Art Building, a fine Art Library which includes a collection of over 60,000 stereopticon art slides. Living expense is moderate and scholarships with the opportunities for self-help in the community make complete self-support possible.

For catalog and further information, address the Dean.

## ANNUAL STATISTICS OF THE CHURCHES

See pages 417-418 for last minute revisions.

The statistics are collected by the registrars of the conferences and compiled in the offices of the General Council. They are of date of January 1, 1940, and cover the year 1939. Changes in pastorates are corrected as far as reported until copy is complete. Such revisions and author's corrections in statistics are not involved in the summaries.

The schedules are arranged by conferences rather than by geographical state lines. For example, all the states in the Middle Atlantic Conference are listed under "Middle Atlantic," but with subheads for each state. The conference summaries are given at the end of the schedules.

Persons noting errors are earnestly requested to report the same, especially when the mistakes involve benevolent contributions. Here it should be noted that money received in any national, district or state office to and including January 10, is credited to the preceding year unless otherwise requested.

The first name in the list of churches is usually the name of the town or city in which the meeting house is located. This is also the name of its post office unless followed by a name in **heavy-faced** type. If this postal word is an adjective it goes with the preceding name, *e.g.*, **Newton, West**, signifying West Newton. If itself a name it supersedes the other, as "Newton, **Auburndale**", meaning Auburndale in the town of Newton.

Reference marks are used as follows:

- y* Pastor serves more than one church. (See list of yoked churches in Conference Summary.)
- [ ] Around a pastor's name signify he is not in full standing as a Congregational or Christian minister, nor a denominational licentiate.
- i* Pastor installed by Council.
- r* Pastor recognized by Council.
- § For address see alphabetical list.
- No answer can be given.
- c* Sunday School membership includes Cradle Roll.
- # Contribution amounts to less than 50 cents.
- z* Includes under "Other Gifts" contributions to objects similar to Nat'l. Soc. causes; under "Am. Board" gifts through Board for Armenian work, amount being included for totals of church under "Other Gifts."
- \* Value of church property includes parsonage.

|| When a church has made no report, items of church and Sunday School membership, home expense and value of property are inserted from previous Year Book and marked || in the first column of the statistical report. This is done that these items may be included in the summaries and comparative tables, thus minimizing the danger of falsifying the comparisons. All apportionment figures are from societies' reports.

The tables are *not a postal guide*. For addresses of ministers and clerks refer to alphabetical lists in the back of the book. Names of Sunday School superintendents, church treasurers, treasurers of benevolence and chairmen of boards of trustees, are on file in state offices, as are also certain other data.

Under church "Members" the number "Absent" are included in the "Total." Amount of "Home Expenses" includes all salaries, together with missionary aid received, operating expenses and repairs for church, Sunday School, choir and parish. Cost of new buildings and improvements paid for during 1939 are not included, but churches which report this item are listed by church number at end of each conference schedule.

"Budgeted Apportionment": All gifts for the *regular budgets* of the causes sharing in the apportionment plan, from Churches, Sunday Schools, Young People's Societies, Missionary Societies, and other organizations in the church, individual gifts unless the donors instruct otherwise, shall be credited on the "budgeted apportionment."

"Unbudgeted Apportionment": All gifts, whether individual or collective, for objects specifically *authorized* by the directors of a society or conference intended to cover needs of said societies and conferences, *but outside the regular budget*, shall be credited to "unbudgeted apportionment."

"Other Gifts": All gifts, whether individual or collective, for objects outside the regular budgets, surveys or authorized appeals of the Boards are reported here; also responses to the appeals of missionaries for improvement, extension of work, scholarships and personal needs *not authorized as above*.

The Summaries give important data by conferences in Table I and national data by years in Table II. The less important items appear in the supplemental summary. Additional totals appear in footings of conference schedules.

A. B. C. F. M., Column 2, designates the monies raised by the Churches for this Board. One half the overhead of the Mission Board of the Convention is deducted.

The Contribution has given uncollectable bonds to the amount of \$250,000, bearing 4% interest, to Elon College. Column 3 represents direct and known apportionment gifts by the Churches toward the pay-

ment of this interest.

The Elon Orphanage, Column 4, receives direct gifts from the Churches and does not share in any monies not designated.

Other Gifts, Column 5, does not include charities, but gifts to designated institutions and causes within the bounds of the Convention.

## PASTORS OF CONGREGATIONAL AND CHRISTIAN CHURCHES

### NOT MEMBERS OF ASSOCIATIONS OR CONFERENCES AND

### LICENTIATES

List of pastors who have not been reported as having full ministerial standing. The list includes the names of all licentiates reported by state registrars whether or not they are serving churches. The Association to which a Congregational Christian licentiate belongs is noted as follows: "*Lic.-Chi.*" (licensed by the Chicago Association of the Illinois Conference), or "*Lic.-Conf.*" (licensed by state Conference). Note: The state, as well as the Association, is given when a licentiate lives outside the Conference which holds his standing. The designation "*Lic.*," without further letters in italics, is applied to those whose standing has not been verified by any Association.

## CONGREGATIONAL AND CHRISTIAN MINISTERS IN FULL STANDING

Ministerial standing is constituted by ordination and membership in an association or conference of Congregational, Christian or Congregational-Christian ministers or of ministers and churches.

The following is a compilation of the lists furnished by the Conference registrars.

Ministers not in Congregational-Christian pastorates are indicated by the inclusion of ordination date (or by a hyphen (-) if ordination date has not been reported) after address. Information regarding pastor is found in the appropriate place in the state report; refer to state and place for this information. If the pastor is not in the schedule of the state in which he lives, refer to Last Minute Revisions, pages 417, 418, for a possible recent change in pastorate. Page numbers are given for those whose names appear in pages 5-44 and in the record of 1939 ordinations, pages 260, 261, and in the Necrology, pages 262-296.

An asterisk (\*) before a name indicates that the person is not now reported by any Conference registrar. It appears desirable to retain such names for a period of two years in order to give opportunity for completing transfer of membership from one holding body to another as well as for correction of errors.

A dagger (†) indicates that the address had not been verified, or is unknown.

Names of persons variously employed are indicated as follows: *A.B.C.F.M.*, see American Board of Commissioners for Foreign Missions, pages 342-345; *asso. p.*, associate pastor; *asst. p.*, assistant pastor; *bus.*, business; *Ch.*, chaplain; *coll. p.*, college pastor; *Dean*; *Dir. # That This May Be Done

The work of carrying forward the distribution of the Holy Bible is a project which calls for intensive effort on the part of all Christian people. Organized effort is needed today more than ever before. Read carefully the following 3 reasons why the Churches should actively support the American Bible Society.

1. The knowledge that the Bible alone contains the positive answer to the world's despair places upon the Churches of America the urgency to provide the means **THAT THIS MAY BE DONE.**

2. The American Bible Society is the *only* agency of the Churches supplying the Scriptures on a national, world-wide scale, **THAT THIS MAY BE DONE.**

3. *Now*—with the British and Foreign Bible Society hindered by the

stress of war-time conditions—the American Bible Society needs the increasing support of the Churches of America, **THAT THIS MAY BE DONE.**

## YOUR CHURCH CAN GUARANTEE THAT THIS WILL BE DONE

By an annual percentage of your benevolence budget.

By an annual grant by your officers.

By an annual offering from your congregation.

For further details and plans for cooperation write The Secretaries.
